

# Some Things You Say

CAPO IV

words & music  
Dennis Selfridge

(1) Some times when you come to me  
(2) You know you two do fine together

I wanna take you inside  
and I know my place

but after all I know that's not the me you want in your life  
If he really doesn't understand you, why you tellin' me, what you want me to say?

Time again I juggle things and tear my feelings apart  
You claim you want a friend and not a lover these days I can't tell them apart

Now there's emotions that you advertise but some just live in your heart  
You see, there's a part of me that's over you and a part that's waitin' for something to start

CHO: (A) Some things you say and some that you don't,  
(B) Some things you'll wanna do and some that you won't

You've got my shoulder to cry on (to B)  
when all the shoulders are long gone
