

Dennis Selfridge — Magical Spread

Chords: B A E

Technically it's B A and E but I play it by sliding the E Chord up the neck to the 7th fret (B) and 5th fret (A). The verse uses F#m E and Abm (Just like below)

Chorus

B A E
I wish I had some magical spread
B A E
To fill up some holes in my life
B A E
I know what is now won't be here forever
B A E
Still the idea just sounds nice....

To take me wherever I said
